We are excited to release this 2oz silver bullion piedfort coin featuring a mother and baby crocodile.

Female crocodiles typically lay between 30 and 60 eggs. For up to three months, the mother waits nearby the nest protecting the eggs from predators. Once the eggs are ready to hatch, the mother digs down to the nest and carries the hatchlings to water in her mouth. Despite having the strongest bite of any animal in the world, female crocodiles show a remarkably gentle nature towards their young, and can carry up to 15 hatchlings in their mouth at once.

Struck by The Perth Mint from 2oz of 99.99% pure silver, the coin is issued as legal tender under the Australian *Currency Act 1965* and has a mintage of 75,000.

DESIGN

The coin's reverse depicts a crocodile partially submerged in water with a hatchling on its back. The design also includes radial lines and The Perth Mint's 'P' mintmark.

The Jody Clark effigy of Her Majesty Queen Elizabeth II, the 2019 year-date, the weight and purity, and the monetary denomination are shown on the coin's obverse.

PRESENTATION

The Mother & Baby 2019 2oz Silver Bullion Coin is presented without capsule in protective, convenient tubes of 10 coins. There are 10 tubes to a monster box.
