These magnificent silver coins celebrate the Year of the Mouse, the first of twelve animals associated with the ancient Chinese lunar calendar.

Those born under the sign of the Chinese lunar mouse in 2020, 2008, 1996, 1984, 1972 and every 12th preceding year, are said to be smart, resourceful, adaptable and kind. Possessing a rich imagination and strong intuition, mice rely on quick wits and an enterprising nature to find opportunities for success in almost all endeavours.

No mintage limit applies to the 1 kilo, 5oz, 2oz and 1/2oz coins. Except for the 1 kilo release, production of these coins will close at the end of 2020 when The Perth Mint will declare each coin's official mintage.

A maximum of 100 10 kilo coins will be produced on a mint-to-order basis. Similarly, production will close at the end of 2020, when the coin's mintage will be declared.

The Perth Mint will produce up to 300,000 1oz coins. Production will cease when the mintage is fully sold or at the end of the series, whichever comes first. Due to the low mintage of the 1oz size it is highly collectable and is sure to sell out fast.

Meticulously struck from 99.99% pure silver, the coins are issued as legal tender under the Australian Currency Act 1965.
